Dear Shabnam:

Please accept my thanks and gratitude to you and the Young Professionals of Rochester for your assistance at the Stonewall Pumpkin Festival this year. Your help in working in the carving tent, wagon rides, admission, pumpkin patch and wherever needed was greatly appreciated.

As you know, this was our most successful, and largest, event that we have ever hosted and it never would have been possible without you and your members. Please share my thanks with your entire organization!

If there is any project or collaboration where I can assist you, please feel free to contact me.

Thank you!

Sincerely,

A handwritten signature in black ink, appearing to read 'Patrick J. McKay'.
